## e-bill from Progress Energy. More reasons to go paperless.

**convenient.** Our monthly e-mail or voicemail alerts make it easy to know when your bill is available. And you can go online anytime to view your bill, look back through previous bills or track your usage. Plus, you can pay electronically or via check, automatic draft, paystation or credit card (credit card payment includes a small fee).

**secure.** Up to 85 percent of identity theft cases are due to stolen paper bills, statements and checks. Protect yourself by reducing the paper you have to file or shred.

**green.** Cutting back on paper bills is a smart, simple way to have a positive impact on the environment. In fact, reducing just one bill a month saves about ½ pound of paper a year.
